

LEGISLATURE IS THE REAL ISSUE

Senator Hatton Introduces a New Substitute Primary Bill.

LAST DESPERATE MOVE

Applies System Only to County Officers and Members of the Legislature.

A SHARP DEBATE LAST NIGHT

Madison, Wis., April 11.—A new substitute primary election bill, which is the bill the friends of the Stevens substitute are now willing to pass, was introduced in the senate today by Senator Hatton, chairman of the committee on privileges and elections.

It applies the primary system to nominations for county officers and members of the legislature only. It differs from the Hagemester substitute, only as to the legislature, which is the real point at issue. The leaders of the opposition say Hatton substitute cannot be passed.

Governor La Follette sent in a veto of the Whitehead bill giving county judges a fee of \$3.50 for recording sales of property of minors and others under guardianship.

The Mills vessel taxation bill amended by its author to make the rate three cents a ton instead of one cent, was passed by the senate.

The assembly bill appropriating \$381,000 for current expenses of the state charitable and penal institutions was concurred in.

The Hall railway taxation bill increasing the license fees will be reported adversely by the assembly railroad committee and the matter will be fought out on the floor.

The bill imposing a tax of three cents a ton on ice shipped out of the state passed the assembly today.

DISCUSS THE PRIMARY BILL

Stevens and Miller Measures Will Be Slaughtered Tonight.

Madison, Wis., April 11.—The fight on the floor of the senate over the passage of the primary election bill is on. For two and one-half hours the measure was debated last night and then the subject was laid over until this evening when it will be disposed of by the passage of a compromise measure applying the principle to county lines as provided for in the Hagemester substitute.

It was a fight from start to finish but the battle has so far only begun. The killing will come in with the session tonight. It is then that action will take the place of words—words that are wasted, for every member knows how he is going to vote.

Whitehead Closes Debate.

The speakers for the Miller bill last evening were Senators Miller, Burns, Munson and Mills. The author of the bill, Mr. Miller opened the debate for the measure. The debate for the supporters of the measure will be closed by Mr. Gillivray. Others who will speak for the measure will be Senators Martin, Stout and Fearn.

The opponents opened their debate last night with Senator Roehr. Speeches against it were also made by Messrs. O'Neill and Weed, and this evening Senators Kreuter and Jones are expected to speak in opposition. The close for the opposition will be made by Senator Whitehead.

In none of the arguments last night was anything especially new brought out. The same old arguments were

gone over, the same objection against the bills were raised.

Cheer Mention of Spooner.

The friends of the bill had nothing new to offer as a reason for wanting the radical measure passed. They harped on the action of the state convention and insisted that no bill was acceptable to them except the one that called for state, congressional, legislative and county nominations under the system proposed.

On the other hand, the opponents were ready to meet the supporters of the bill half way by trying the principle on county lines. It was pointed out that to try the Stevens bill would revolutionize the entire system and upset the entire state.

Several speakers made reference to the brilliant services of John C. Spooner. Every mention of his name was met with great applause that left no doubt as to the popularity of the senator.

Some of the opponents of the bill also referred to the interference of the governor in legislative affairs, and openly made the statement that the senate would attend to its duties and counseled the governor to do likewise. All had the greatest respect for the executive, but nobody wanted him to act the part of dictator on legislation.

Kill Tax Commission Bill.

Madison, Wis., April 11.—The first of the state tax commission's bills increasing the taxes of corporations was killed in the committee on assessment and collection of taxes of the assembly yesterday afternoon and the action of the majority of the members caused quite a stir about the capitol.

The bill was the one increasing the license fees of railroads from 4 to 5 1/2 per cent. The committee stood 4 to 3 against the bill.

JAPAN AND RUSSIA MAY BE IN ALLIANCE

Washington Officials Puzzled by the Recent Turn in the Chinese Situation.

Washington, April 11.—"Have Russia and Japan formed an alliance for the purpose of controlling affairs in Manchuria and possibly to gain the absolute mastery of the whole Chinese empire?" This question is uppermost in official circles in Washington, and belief that an affirmative answer will be an early development is rapidly obtaining a foothold.

Instead of looking askance at everything which Russia could possibly do in respect to Chinese affairs the Japanese minister, Mr. Takahira, is smilingly assuring officialdom at the capital that his government is more than gratified with the attitude assumed by the czar.

He received assurances today from Tokyo announcing that there was no possibility of a rupture with Russia, but that on the other hand Japan received Russia's assurances on Manchuria with a sense of satisfaction that amounted almost to delight.

Minister Takahira at once visited Secretary Hay and laid before him a copy of the cable from Tokyo. This incident, coupled with the complete change of front on the part of the semi official newspapers of Japan, has caused representatives of the various governments here as well as the United States officials to wonder whether Japan has not finally forced Russia to make overtures for a coalition of energies in regard to matters in the far east and whether they will not soon be arrayed against the world for dominance in China.

Hope to Avert a Strike.

New York, April 11.—At two o'clock this afternoon a conference between the representatives of the various railway brotherhood and officials of the Jersey City Central company will be held at which it is confidently believed an agreement will be reached concerning the demands of the employees and a strike avoided.

POLICE NAB BIG BOGUS COIN GANG GREATEST RAID OF MODERN TIMES

Plant Found In Brooklyn, N. Y.—Plates to Counterfeit Swedish and Scotch Currency—Will Check Issue of Much Spurious Money.

New York, April 11.—The discovery of a host of counterfeiting molds sought all over the world and the bringing to light of the greatest and most complete plant for making spurious money ever discovered was the result of a raid made on a building in Grand avenue, Brooklyn, consequent upon the capture of John A. Spoor. Chief Hazen regards the raid as the most important made since the origin of the secret service and says that the results will be a matter of relief to the authorities. The long sought for plates for the 50-kroner notes of the Bank of Sweden and the 100-kroner notes of the Bank of Copenhagen were among those found, and the plates for the less famous \$20 note of the Bank of Scotland are at last in the hands of the authorities.

Extensive warehouses were in connection with the establishment given over apparently to legitimate purposes; but in reality stocked with all the appliances which the counterfeiters needed in their work. The greater part of the plant was given to the counterfeiting of notes rather than coin, but several molds were found for the smaller gold pieces and 25-cent pieces. The authorities affirm that at least fourteen important plates, all of which are such good impressions as to be a constant source of danger, have been recovered, and the danger which is abolished by the capture of these renders the work of the secret service markedly less difficult.

Will Check Much Counterfeit.

Nearly half of the important bills against which the secret service men have directed their efforts in the past decade are now out of harm's way, and the federal authorities are well pleased that they have been of so signal assistance to the revenue guardians of other countries.

GEN. DEWET HAS LOST HIS REASON

Unrelaxing Pursuit by British Reported to Have Undermined the Boer Leader's Mind.

Cape Town, April 11.—General Botha has re-opened negotiations with the British for peace.

It is understood here that although General Dewet at his recent interview with Gen. Botha refused to surrender, General Botha, regarding him as irresponsible, undertakes to negotiate in behalf of the entire Boer forces. The British authorities here consider that if General Botha surrenders, Dewet's following can easily be taken.

As explained here, this action was determined in part by Gen. Botha's discovery at a recent meeting that General Dewet's mind was weakening, and that his influence with his followers was diminishing, and that a continuance of the campaign, in view of General Dewet's irresponsibility, rested with General Botha alone.

Amsterdam, April 11.—President Kruger does not believe the report that General Dewet is mentally unsound. He says it is prompted by a desire of the British to demoralize the Boer commandoes in Cape Colony, which lately have achieved several successes.

GIGANTIC COPPER TRUST IS PLANNED

Rockefeller and Others Organizing a Combine That Will Equal the Great Steel Monopoly.

New York, April 11.—John D. Rockefeller, Henry H. Rogers, Lewisohn Brothers, James Stillman and Thomas W. Lawson of Boston, and their associates, are planning a gigantic copper trust, which will be second only in capital and influence to the great United Steel corporation. The announcement of the terms may be made in a few days.

A combination has been effected with Senator Clark, who, it is said, has withdrawn from his alliance with the Helms interest and will turn over his United Verde mine and his other great Montana interests to the trust. No new corporation will be formed.

The Amalgamated Copper company will increase its capital stock to a sum sufficient to embrace all of these properties.

SOAP MEN ALSO FORM A COMBINE

The New Trust Aims to Put a Check on Price Cutting—Thirty-Five Concerns in It.

Chicago, April 11.—As a result of a two days' conference at the Grand Pacific hotel representatives of thirty-five of the largest soap manufacturing concerns in the country yesterday effected an organization to be known as the American Soap Manufacturer's association. The conference was attended by more than ninety persons, heads and associate members of the houses interested. While the members of the newly formed association strenuously deny that the association is a trust, it is admitted that it is expected to eliminate some of the "cut-throat" competition that has been in progress for some time between soap manufacturers. It will also take the place of the National Soapmaker's association, which was formed a dozen years ago, but which long ago lost its effectiveness.

GREAT CHANCE FOR MORGAN.

London Paper Says Financier May Settle Panama Canal Question.

London, April 11.—The Pall Mall Gazette today discussing a cable suggestion that J. Pierpont Morgan's visit to Europe concerns not only the steel trust but the Panama canal project, considers it probable that the strong feeling of British ship owners in favor of the Panama route has had some influence with Mr. Morgan, and says: "Mr. Morgan now has the chance of bringing the great moneyed people and ship owners of Great Britain and those of the United States together on this question of an intercanal. His presence in this country may consolidate the ideas on this question and bring about a working arrangement suitable to the maritime nations of the world."

TRANSPORT BURNS AND SINKS

Damage to the Rawlins and Cargo Estimated at \$110,000.

New York, April 11.—Fire was discovered in the second hold of the transport Rawlin early today. A quantity of hay was stored in the hold and the firemen endeavored to confine the flames to the one part of the vessel. The Rawlins was at the government pier, Brooklyn, and was to have sailed for Cuba this afternoon. The fire was under control after about two hours' work by the firemen, but the Rawlins listed to port from the immense quantity of water pumped through the port-holes by the fireboats, and sunk in the mud at her pier. The damage to the transport is estimated at \$30,000 and to the cargo at \$80,000.

Ground Beneath the Wheels.

LaCrosse, April 11.—Section Foreman Mickelson of West Salem on the Milwaukee road this morning discovered parts of a human body scattered all along the track for a distance of two miles. There was not enough of the body to identify. The pieces of the body were gathered together and buried late this morning.

WIFE A WITNESS OF THE TRAGEDY

Incited By Jealousy Two Men Slashed Each Other With Knives at Memphis, Tenn.

Memphis, April 11.—Jack Johnson a railroad man, and Hardy Barker, a clerk, fought a duel in the streets last night with knives. Johnson died this morning in the hospital. The men slashed each other until they fell apart from sheer weakness from the loss of blood. Johnson's wife was a witness to the tragedy and as her husband lay on the walk placed his head in her arms and stained her lips and cheeks with his blood. Johnson's jealousy caused the tragedy.

BIG SCANDAL IN POSTAL AFFAIRS

Report From Manila Today States That the Shortage Will Amount to Over \$300,000.

Washington, April 11.—A big scandal in Philippine postal affairs is promised. Secretary Root has received a report from Auditor Lawshe, who says that the accounts over there are in a terrible state. The amount said to be involved is at least three hundred thousand dollars. Postmaster General Smith may send a force of expert accountants from Washington.

Vandals Despoil a Monument.

Indianapolis, Ind., April 11.—Vandals did serious damage to the Hendricks monument in the state house grounds last night. One of the largest granite monuments, ornamented and surmounted by a heavy piece of bronze was broken from its base and thrown to the ground and the bronze shield was forced from its place and carried away while the scales which the figure of justice held in the hand were stolen.

HOMES FOR DISABLED WORKINGMEN

Gen. Booth-Tucker Negotiating with the Steel Trust to Take Care of Pensioned Employees.

Washington, April 11.—General Frederick E. L. Booth-Tucker, commander of the Salvation army, is in negotiation with President Schwab, Pierpont Morgan and other officers of the great billion dollar steel trust with a view to arranging for the care of aged and injured employees of that corporation in the agricultural colonies now being maintained by that organization in the western states.

The several corporations composing the new iron and steel trust have been spending an average of \$200,000 a year for the support of employees who have been wholly or partially disabled by accidents in their services. The average pension paid is \$5 per week, which amounts to about \$250 a year and \$2,500 for ten years. The Salvation army proposes to take charge of the families of these pensioners, locate them in their colonies on the western lands, provide them with comfortable homes and ten acres of land for \$500 for each family.

This money is not to be given, but only loaned to the Salvation army, which guarantees its repayment with a 5 per cent. interest to the steel trust at the expiration of ten years, with the understanding that it shall be used for the location of other families upon similar lands indefinitely.

The Salvation army gives nothing away. It requires all who accept its charities to render a consideration for whatever they receive, on the theory that free gifts have a tendency to make paupers. Commander Tucker desires to apply this theory to the pension system of the great corporations and the railways of this country.

BOSTWICK SITE IN GOOD FAVOR

Library May Be Located Corner of Court and Park Streets.

IS OFFERED AT \$8,000

Site On the River Is Considered To Have Most of the Strong Points.

TO DECIDE SATURDAY NIGHT

It is asserted by persons who are in a position to know that sentiment among the members of the library board is crystallizing around the J. M. Bostwick & Sons property, corner of Court and Park streets, as the most acceptable of the sites offered for the library building.

This site seems to have been ignored by the public in the general discussion of the merits of the various sites proposed. In fact it has scarcely been mentioned. It is favored by several members of the library board, however, and is considered to possess the most strong points to recommend it of any of the sites.

An eloquent plea in the selection of this site is found in the size of the property offered. It is 270x130 feet and occupies a corner which would present the most imposing view of the building to the business part of the city. The size of the plot of ground and its location insure the fact that the library would always be a distinct building with plenty of light and air on every side. With streets on two sides, the river on one and sufficient grounds in the rear for a wide road way, which is quite necessary for the unloading of books, coal and other stores, there would never be any danger of the library being damaged in any way by surrounding buildings.

Beautiful River View. Other arguments in favor of this site are found in the beautiful river view from this point and in the additional fact that the river would insure the greatest possible freedom from dust, most of the summer winds coming from the south-west.

It is the site which will nearest approach satisfying the advocates of the east and west sides of the river, and in comparison with the other sites is moderate in cost, being offered for \$8,000, and there are no objectionable surroundings.

To many of those who have the matter under careful consideration the Bostwick property appeals as the most effective setting for the building to be found among the sites offered, with perhaps the exception of the Mitchell property at the head of West Milwaukee street. Some citizens are in favor of the city buying this property and making a city park of it with the library as the center but this is scarcely thought practicable on account of the great expense which it would involve, not only at present, but in the future caring for the grounds. Those who favor more parks for the beautifying of the city are heartily in favor of this proposition but it would doubtless not meet with general approval.

Additional objection to this plan is found in the number of saloons in the vicinity and the nearness of the property to the railroad track.

Wood's Property Considered. It is also understood that the Woods' property would have been chosen almost unanimously had the frontage on Main street been larger. As it is located, the real front of the building would necessarily be on S. First street away from the business part of the city. This would bring the children's department nearly opposite the jail and this is not considered desirable.

ANNA HELD AT THE GRAND APRIL 16

MANAGER MYERS CLOSES CON-
TRACT FOR "PAPA'S WIFE."

The Most Important Engagement of the
Season in This City—Has Packed
Houses All Over the Country—
"Way Down East" Tonight—
"Quo Vadis" Next.

Manager Myers of the opera house
announces that he made a contract
this morning with the Anna Held
company to produce "Papa's Wife"
at the Myers Grand on Friday eve-
ning, April 26.

This is the most important engage-
ment of the season in Janesville. The
show has drawn packed houses all
over the country and the newspapers
have spoken highly of it. Mr. Myers
to obtain this attraction has been ob-
liged to put up a large guarantee and
Janesville will no doubt see that he
is not the loser by his enterprise.

The musical comedy of "Papa's
Wife" was reconstructed from two
French vaudevilles by Harry B. Smith
and its music written by Reginald De
Koven is light and catchy. Two of
the most popular airs in it are the
Colonel's song in Act II and the Mil-
itary chorus in Act III. Florenz
Ziegfeld, Jr., deserves great credit for
the sumptuous style in which he has
staged the production. Charming An-
na Held gives a comedy performance
which displays the art of the actress,
at one minute demure and innocent,
and the next full of vivacity and a-
bandon. In the drinking scene in
Act II she springs from light comedy
to emotional acting with a skill and
care which has won her much favor-
able comment. It is her dainty
touches in this scene which keep the
realism from being offensive. Her
marvelous gowns worn in the produc-
tion are quite French, and when we
have said that we have said all that is
necessary in the opinion of the women.
Mr. Max Fingan is kept very
busy in the dual part of papa and pa-
pa's son, and fills both to the satis-
faction of his audiences. As a com-
edian Mr. Charles Bigelow is irresist-
ibly funny and is happily cast in the
part of Professor Celestin, a teacher
of music, who has written an opera.
Others in the cast are Miss Adella
Barker, Mr. Dan Collier and Mr.
George Marion supplemented by a cho-
rus both pretty and well dressed.

One of the greatest successes of
the past two seasons was the quaint
play of New England life, "Way
Down East," which for seven months
packed the Manhattan theatre and
crowded the Academy of Music 427
times and is everywhere received with
repeated success. The play written
by Lottie Blair Parker, elaborated and
staged by Mr. Jos. R. Grismer will be
produced under the management of
Mr. W. A. Brady in the same complete
manner that has characterized its suc-
cess in the metropolis. A company
of sterling merit, complete scenery,
beautiful pictures of New England
rural life, novel mechanical effects, in-
cluding the great snow storm that has
caused no end of comment, intricate
apparatuses and extensive auxilia-
ries, in fact, the play will in every
way be worthy of the fame that has
heralded it. It has been termed a
play of universal sympathy, because it
possesses an element so sadly lack-
ing in many plays "one touch of nature."
It is not exaggeration to say that it
is a drama of life full of simple humor
and homely pathos, put in a frame
work that affords a simple entertain-
ment eminently successful. It has
well been said that the stage would
make more extensive gains if it had
a few more plays like "Way Down
East."

The sale of boxes and seats for
"Way Down East," were placed on sale
this morning. The event occurs on
Saturday night.

The wonderful success attending
the production of Quo Vadis has made
it a sensation of the present season.
The book of which the play is a drama-
tization has been so extensively read
and so favorably spoken of by the crit-
ics and pulpit, that everyone is anxious
to see it in dramatic form, for this
reason it appeals to not only the regu-
lar theatre going element but to that
great class of people who but rarely
visit the play house. This accounts
in a measure for its success. The
story of the play is both instructive
and elevating, expressing the lofti-
est of sentiments and showing the suf-
ferings of the early Christians; de-
picts a thrilling story of life and love
and gives opportunity for startling
effects and sensational scenes. Its
action admits of its elaborate scenic
surroundings but the success of the
play in a manner depends on stage-
craft and on a beautiful story well
told. The show comes to the Myers
in Tuesday evening, April 16.

Herrman appeared at the Myers
last evening to a small audience which
is much to be regretted. While
Herrmann did not present any start-
ling illusions, his legerdemain, slight
of hand work and digital dexterity
were skillfully done. The charm of
his entertainment was due partly to
the necessary continuous chatter
which he kept up in broken English
for the sake of distracting the atten-
tion of his audience.

The program is given in three parts
the first of which is occupied by the
magician in legerdemain exclusively.
In the second part the five Nosses
give a remarkably clever musical pro-
gram, clever because of the number

of instruments which they play, rang-
ing in character from the tuba to the
mandolin. In the third part Herr-
mann presents the more elaborate
tricks and illusions and was greeted
by almost continuous applause. His
explanation of some of his illusions
is particularly humorous, in that he
makes them more difficult of compre-
hension to the average mind, if that
is possible. As a whole the enter-
tainment is two and a half hours en-
joyably spent and is deserving of
good support.

MR. AND MRS. BAACK ENTERTAIN FRIENDS

Pleasant Dancing Party Given at the
East Side Odd Fellows'
Hall Last Evening.

A private dancing party that was
one of the swell events of the season
was given by Mr. and Mrs. F. H.
Baack at the East Side Odd Fellows
hall last evening.

About one hundred couples gather-
ed in the hall in response to Mr. and
Mrs. Baack's invitation to spend the
evening as their guests and enjoyed
several hours of unalloyed pleasure.
The music stand had been banked
with palms, ferns and plants which al-
most hid Prof. Smith's orchestra from
view.

Mr. and Mrs. Baack received their
guests in a cozy corner near the
band stand and did all in their power
to make the evening one of enjoy-
ment. Smith's orchestra of four
pieces furnished the music and added
very materially to the pleasures of
the evening.

Most of the ladies were in evening
dress and many handsome spring
gowns were in evidence. The hand-
some gowns and happy faces made a
pleasing picture.

Luncheon was served in the dining
hall on the second floor from 9:30 o'-
clock until midnight. Caterer Shur-
tuff and a corps of able assistants
looked out for the wants of the guests
and served sandwiches, salads, pick-
les, coffee, and ice cream and cake. A
number of the gentlemen took advan-
tage of the smoking room and spent
a pleasant half hour in enjoying one
of the choice cigars furnished by the
host.

The party broke up about 1 o'clock
and it was with regret that the
guests departed for their homes. Mr.
and Mrs. Baack are certainly to be
complimented on the success of the
party which was one of the social
events of the season.

If troubled by a week digestion,
loss of appetite, or constipation, try
a few doses of Chamberlain's Stomach
and Liver Tablets. Every box war-
ranted. For sale by Peoples' Drug
Store and King's Pharmacy.

MARRIAGE BILL IS LAW

Physicians in Each Minnesota County
Will Examine All Applicants
to Enter Into Wedlock.

St. Paul, Minn., April 11—The Chil-
ton marriage bill will soon be a law. It
was passed last night by the senate and
was sent to the governor for his signa-
ture. The bill is intended to prevent
the marriage of imbeciles. It provides
for the appointment of a reputable phy-
sician in each county who shall examine
all applicants for marriage licenses. Ap-
plicants will be refused when it is
found that either of the applicants is an
imbecile, except when the woman is
over 45 years of age.

To Mothers of Large Families.

In this workaday world few women
are so placed that physical exertion
is not constantly demanded of them
in their daily life.

Mrs. Pinkham makes a special appeal
to mothers of large families whose
work is never done, and many of
whom suffer, and suffer for lack of
intelligent aid.

To women, young or old, rich or
poor, Mrs. Pinkham, of Lynn, Mass.,
extends her invitation of free advice.
Oh, women! do not let your lives be
sacrificed when a word from Mrs.
Pinkham, at the first approach of

Mrs. Carrie Belleville.

weakness, may fill your future years
with healthy joy.

"When I began to take Lydia E.
Pinkham's Vegetable Compound I was
not able to do my housework. I suf-
fered terribly at time of menstruation.
Several doctors told me they could do
nothing for me. Thanks to Mrs. Pink-
ham's advice and medicine I am now
well, and can do the work for eight in
the family.

"I would recommend Lydia E.
Pinkham's Vegetable Compound to all
mothers with large families."—Mrs.
CARRIE BELLEVILLE, Ludington, Mich.

REBEKAH LODGE WILL ENTERTAIN

Large Delegation from Monroe Will
Be Visitors of the Janesville
Order of Rebekah's Tonight

This evening at West Side Odd Fel-
lows' hall Janesville Dodge No. 171,
Daughters of Rebekah, will entertain
a large delegation from the newly or-
ganized Rebekah lodge at Monroe.
The visitors, about twenty-five in
number, are expected to arrive on the
late afternoon train, and will be met
at the depot by several members of
the local lodge.

At 5:30 o'clock an elaborate sup-
per will be served in the lodge dining
hall. The decorations for the recent
annual banquet still beautify the hall
having been kept up for this occa-
sion. The menu which has been pre-
pared is a tempting one and those
who know anything of the ways of the
Rebekah's, will be assured that the
banquet tables will be the center of
a very jolly time.

After the supper a regular session
of the lodge will be held and six can-
didates will be initiated into the local
lodge. It is with the definite object
of witnessing the initiation work that
the Monroe delegation is making this
visit. The Monroe lodge was or-
ganized about three weeks ago, sev-
eral members of the Janesville Lodge
No. 171, having charge of the work of
institution. The members of the new
lodge are coming to Janesville to take
lessons in the work of the order.

At the close of the lodge session
fruit and light refreshments will be
served. All of the arrangements for
the giving of the guests a royal good
time are in the hands of a committee
consisting of Mrs. B. F. Blanchard,
Mrs. Lewis Trambille and Mrs. Stout.

The visitors will remain over night
returning to Monroe in the morning.
They will be entertained at the homes
of members of the local lodge. Mrs.
Con McDonald, Mrs. Richard Griffiths
and Mrs. N. B. Robinson had charge
of making this hospital provision for
the comfort of the guests.

CANNING FACTORY SECURES ACREAGE

They Have Secured Contracts For Be-
tween 1200 and 1500 Acres and
are Still After More.

The workmen did not begin the ex-
cavating for the foundation of the can-
ning factory on yesterday as expect-
ed. The main building covered so
much ground that it was thought best
to have the lines laid out by a sur-
veyor in order to get them perfect.

Mr. Hohenadel and Mr. Susemehl
are still scouring the country after
acreage and succeed in getting addi-
tions to their contracts every day.
They have secured contracts for be-
tween twelve and fifteen hundred
acres and expect to be able to secure
contracts for more before the season
opens up.

The factory will not be entirely de-
pendent upon the surrounding acreage
for their supply of truck but will ship
in from away many carloads of cab-
bage and cauliflower used in making
sauerkraut. They have a large trade
in sauer kraut established and propose
to supply a part of the demand for the
goods from this factory.

The contracts for all machinery
have been let and will be filled in time
to have it all in position for the open-
ing of the canning season.

IN THE VALLEY OF THE SHADOW

Jesse Edgerton Dead.

Mr. Jesse Edgerton passed away at
the Soldiers' National Home, Milwaukee,
Saturday, April 6, 1901, at the advanced
age of seventy one years. The remains
were brought to Orfordville Wednesday,
April 10, and taken direct to the cem-
etery for interment. The brief service at
the grave was conducted by Rev. E. E.
Gulech of the Baptist church. Mr.
Edgerton is survived by six children:
Mrs. Jessie Carpenter and Sherman Ed-
gerton of Peoria, Ill.; Mrs. Lizzie McMas-
ter, Mrs. Hattie Hill, and Miss Gertrude
Edgerton of Manchester, Ill.; and Horace
Edgerton of Footville, Wis.

James Grant Is Dead

Word has been received by relatives
in this city announcing the death of
James Grant, Sr., which occurred at
his home in St. Libary, Neb., on Thurs-
day last. He was seventy years old at
the time of his death which was caused
by a complication of diseases. Mr.
Grant resided in this city for a great
many years and was one of the leading
politicians in the Third ward. He
had many friends in this city who will
be pained to hear of his death. He
leaves surviving him a wife, six sons
and four daughters. His wife is a
sister of Mrs. Thomas Cullen.

Little-Dutchie Marriage.

Miss Annie J. Little of the town of
Janesville, and Edward H. Dutchie of
the town of Bradford, were happily
married at the Presbyterian church
mause last evening at 8 o'clock. Rev.
J. T. Henderson was the clergyman be-
fore whom the marriage vows were ex-
changed. Both young people are well
known in this city and throughout the
surrounding county. The bride is the
daughter of Mr. and Mrs. John Little
of the town of Janesville, and is pos-
sessed of a happy, cheerful disposition
and many other excellent qualifications.
The groom is the son of Mr. and Mrs.
William Dutchie of the town of Bradford,
and is an enterprising, ambitious young
man. Mr. and Mrs. Dutchie will make
their home in Bradford.

UNCLE DICK TAKES A WIFE

E. R. Petherick of the State Board of
Control, Married at Mazomanie.

Milwaukee, April 11—E. R. Pether-
rick of the state board of control, and
Mrs. Mary Davison were married last
evening at Mazomanie, the ceremony
being performed at the home of Mrs.
Hazelton, sister of the bride. Mr. and
Mrs. Petherick expect to make their
home in Milwaukee. Mr. Petherick's
term of office expires next Monday, and
it is said that he will be succeeded by
Ex Senator Mead of Plymouth. Mr.
Petherick, for years the "Uncle Dick" of
the Milwaukee Journal, will probably

TWILIGHT CLUB TO CLOSE THE SEASON

Banquet and Entertainment at the
Myers Hotel on Tuesday Even-
ing of Next Week.

The Twilight club will close the sea-
son with a banquet at the Myers Hotel
next Tuesday evening. The ladies have
been invited to attend. It is expected
to be an extraordinary occasion. The
invitation cards are out this morning
containing the program. The usual
banquet will be served and the evening
topic will be "Olive Esthetics." W. S.
Jeffris will be the leader.

Those scheduled to speak are:
"As To Sewerage," Dr. James Mills;
"Streets and Alleys," Theo. W. Goldin;
"Park Evolution," M. O. Mount; "River
Improvements," T. S. Nolan; "Our
Schools," D. D. Mayne; "We Look Be-
fore and After," Rev. R. O. Denison;
"What Profits Me My Name," Stanley
B. Smith. There will also be some vo-
cal and instrumental music.

An Attic Social.

A unique and most enjoyable social
was given by the Christian Endeavor
society of the Congregational church at
the parsonage last evening. It was an
attic social, and as may be guessed from
the name, was given in the parsonage
attic. The attic is large and full of
quaint corners in which couches stood
or hammocks were swung invitingly.

The missionary committee of the so-
ciety had charge of the social, and an
amusing program was planned. Shadow
pictures, illustrative of Mother Goose
rhymes, were shown, and the person
who guessed what rhyme the picture
represented was forced to repeat the
entire rhyme for the edification of the
rest. A guessing game was also in-
cluded, and one of the most enjoy-
able features of the evening was the
telling of fortunes by Mrs. Will Cody.
Coffee, sandwiches and cake were
served, and the social was an unquali-
fied success.

Galesburg Mail Souvenir.

The Galesburg Mail of Galesburg, Ill.
of which Mrs. A. M. Phelps, daughter
of Mr. and Mrs. A. Behrendt of this
city is advertising solicitor, have just
issued a handsome souvenir publica-
tion entitled "Pictures in Half Tone
of the Galesburg Mail and Evening
Mail Press, 1901." It is printed and
bound very tastefully and reproduces
half tone pictures of the different de-
partments and the people who help to
produce an up-to-date daily paper.

Wm. McConnell Pleads Guilty.

The case of the state of Wisconsin
vs. Wm. McConnell, which was ad-
judged from yesterday, was called in
the municipal court this morning. Af-
ter consulting with Chief Hogan Mc-
Connell withdrew his plea of not guilty
and pleaded guilty. Judge Fifield
fined him \$15 and costs, in all \$20.69,
or twenty days in jail. He went to
jail. McConnell was arrested for an
assault on Frank Diltz, night ticket
clerk at the Chicago & Northwestern
passenger station, on the night of
March 2nd.

Blood Humors In the Spring

EASILY DECIDED.

This Question Should be Answered Easily by Janesville People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mrs. N. J. Casey, of 103 Prairie Ave. says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

Remember the name Doan's and take no substitute.

Magnetic Healing.

A Health Restoring Treatment.

Prof. Funk's Success

In curing disease is evidenced by the steadily increasing demand for his services. Nature's powers of healing proves a blessing to chronic sufferers and brings health and strength to the weak. Many have given testimony of the benefit received and cheerfully tell what this mode of treatment has done for them. Will mention that of a lady over fifty years old. Has had stomach and bowel trouble and constipation for many years. Her head ached almost constantly, due to chronic gastritis; her bowels did not act without the daily use of purgatives. She says:

"I am glad to say that I have taken Magnetic Treatment by Prof. Funk. I have taken but three treatments and can honestly say I have had more relief from headache and pain in my stomach since I commenced treatment, than I have had from all the medicine I have taken for years. I cheerfully recommend Prof. Funk's method to all who have been suffering as I had been."

MRS. HERMAN KREBS, Janesville, Wis.

Prof. Funk treats all manner of disease, acute or chronic, without the use of drugs, surgery or mechanical appliances of any kind. Investigate this method of healing, it will cost you nothing and may mean health and strength for you. He treats all honestly, if he can not help you he tells you so and gives every one the benefit of examination and consultation absolutely free. There is nothing mysterious or superhuman about this method and he is always willing and glad to explain Magnetic Healing to any one interested and extends to the suffering a cordial invitation to investigate his method of healing. He has cured others, he can cure you. Office, opposite post office, over McDaniel & Ach- nishberg's store. Office Hours: 9 to 12 a. m. 1:30 to 5 p. m. 7 to 9 p. m.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement. To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Dewet Reported Insane. London, April 11.—For weeks past reports have been current to the effect that General Christian Dewet had lost his reason in consequence of his incessant anxiety, his inability to rest or even sleep, owing to the unrelenting pursuit of his men by British columns.

PLEASING NOTICE OF DR. LOUISE CROW

She Made a Favorable Impression While Lobbying for the Osteopathic Measure at Madison.

The Madison correspondent of the Milwaukee News has the following: "Dr. Louise Crow, the Janesville osteopath, who has worked so hard for the passage of the osteopathy bill, is suffering very greatly from the nervous strain of the session, and fears are entertained that she will be seriously ill. Dr. Crow has been most patient in her work for the bill, and has interviewed member after member in its favor. No woman who has ever been in Madison has ever been more constant in her support of a bill, or made a more favorable impression on the members. Dr. Crow was always ladylike and in her work for the bill exhibited none of those traits of the 'woman lobbyist' which have frequently been seen in women who have come to the capitol in the interests of legislation. Many of the women who hang around the legislative halls enrolling and engrossing clerks could take lessons in womanliness from Dr. Crow which would do them no harm."

Do not leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be procured while you are on board the cars or steamship. It is pleasant, safe and reliable. For sale by People's Drug Co., and King's pharmacy.

TALK ON MASONRY BY CAPT. S. ALBERTI

Next Sunday afternoon in the Masonic hall, Capt. S. Alberti, who is a Russian and for a number of years an officer in the army of the czar, will give an informal talk on Masonry in Russia and Europe. This meeting is for Master Masons only, and all Master Masons are invited to attend. On Monday evening a lecture on Russia will be given by the Captain to which all Master Masons and their families are invited. Members of the Masonic order in Janesville are anticipating a rare treat, as the lecturer comes highly recommended from the best critics.

REMARKABLE SUCCESS.

Of a New Catarrh Cure. A large and increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages. In fact, wherever there is mucous membrane, there is feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure for catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system. A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Eucalyptol, Guaiac, Sanguinaria, Hydrastin and similar catarrh specifics.

Dr. Ainsley in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Dyspepsia Tablets, upon thirty or forty patients, with remarkably satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

Stricken While in Court. Louisville, Ill., April 11.—Bloomer Smith, a prominent citizen of this county, died suddenly in this city of apoplexy. He had brought his 15-year-old daughter to the County court to be examined for insanity and while the commission appointed by the court was preparing to try the case he was stricken. Two hours after he died at the hotel, where he had been conveyed. Smith was 61 years of age.

District Attorney W. A. Jackson went to Madison this morning on legal business.

DOINGS OF THE LAW MAKERS.

ILLINOIS. Wednesday, April 10. A measure was introduced into the house in the shape of a bill reported by the committee on insurance. This bill was sent in as a committee bill. That means that it bears the name of no member of the house as its author, but the committee stands sponsor for it. The bill proposes to make the state superintendent of insurance an elective officer. It provides that in November, 1902, a superintendent of insurance shall be elected in the same way that other state officers are chosen. The term of office is fixed at four years. The salary of the superintendent is placed at \$3,500 per year, and the duties of the proposed elective official are the same as those now devolving on the appointed incumbent of the position. The elected insurance superintendent is required by the bill to give a bond of \$100,000. The introduction of this bill called out animated discussion from both sides of the house.

For That Large Back... 6088 For That Rheumatism (Sixty-eighty-eight.)

Willington, Ill., Jan. 3, 1901. Matt J. Johnson Co., West Superior, Wis.—Gentlemen: My wife for several months had been afflicted with an acute attack of rheumatism. Tried Mount Cernis (Michigan) medicinal springs and other health resorts, but found little, if any relief. My attention was called to your GREAT BLOOD AND RHEUMATISM CURE, 6088, and she had scarcely used one bottle of the remedy when my wife showed rapid improvement. She continued the use of the medicine and when the third bottle was used, she was able to resume her household duties. I cheerfully commend the medicine to any one afflicted with rheumatism. Very Respectfully, DAVID FORSYTHE.

FREE TRIAL. We guarantee 6088 to be free from all opiates, salicylates, mercuries, irons, cocaine and all poisonous drugs. On taking half a bottle and you are not satisfied, return bottle and your money will be refunded.

A Tear for a Pain

Only expectant mothers, or those who have borne children, know the full meaning of these words. Every woman should tell every other woman about "MOTHER'S FRIEND," that wonderful liniment that dispels all pain incident to childbirth. There is nothing like it.

JNO. S. MORTON, of Hartford, N. C., says: "Too much can't be said in praise of 'Mother's Friend.' My wife used only two bottles before confinement and was in labor but twenty minutes. She is doing splendidly, thanks to 'Mother's Friend.'"

Sold by all best Druggists, or will be sent by express paid on receipt of price, \$1.00. Book entitled "Motherhood," containing interesting facts for all ages of the gentler sex, mailed free upon application. Send your friend's address.

THE VENEZUELA TROUBLE.

The return of Minister Loomis, the American representative in Venezuela, is exciting some comment. It can not be learned whether he was ordered home or whether he was invited to leave the country by the Venezuelan authorities; but it is safe to say that his report will throw a good deal of light on a perplexing question, that has been freely discussed for some months.

Venezuela has been a republic in name for eighty years, but in name only. While professing to copy after this government she has established a dictatorship more tyrannical than any crowned head in existence. Foreign capital has been seized, under cover of taxes, in any amount that the dictator was disposed to demand, and if the victim refused to pay he was cast into prison and his business confiscated.

This was attempted with American investments at the asphalt lakes, and when Minister Loomis tried to interfere, trouble commenced. The United States is in a position to dictate terms to the erratic republic, and a little shaking up will do it good.

The trouble with Venezuela is that she is incapable of self government. The country would be better off if under the protectorate of some intelligent power. Cuba is in a similar position. The island may civilize more rapidly because of location and more favorable surroundings, but left to its own devices the experience of Venezuela would be repeated.

Self government, on the part of a nation, requires not only a high order of intelligence, but a high order of confidence and appreciation as well. Venezuela lacks both. She is suspicious of foreigners and of foreign enterprise. Cuba is troubled in the same way. As a result, civilizing influences are retarded and driven out. South Africa is suffering from similar experiences and while much sympathy is expressed for this class of small republics, a great deal of it is sentimental sympathy, indulged in by a class of people who are either too ignorant or too theoretical to govern themselves.

If Venezuela is to have a dictator he should be crowned with a title, and legalized authority. The country would be better off however under a protectorate until able to stand alone.

A GOOD INVESTMENT.

The demand for houses just now is greater than at any time in the history of the city. Dwellings are not only scarce but almost impossible to obtain.

The demand is a healthy demand, not occasioned by any sort of a boom, but created by people who are locating in the city for a permanent home. Many of them are not in position to buy, and even if they were, there are very few moderate priced houses for sale.

New railroads and other enterprises is the cause of this influx of population, and the city has occasion to rejoice at existing conditions. Something should be done, however, to house these new citizens. They might live in tents through the summer but the winters are a little severe.

The city needs at least one hundred cottages that can be rented at from ten to fifteen dollars a month, or it needs a second Carrington who will put up this class of houses, and sell them on the installment plan. If private capital is not disposed to invest, the loan associations are still in existence, and can be utilized to good advantage. They beat money at six per cent, and they have plenty of idle money. A twelve hundred dollar cottage on a three to five hundred dollar lot, will pay for itself in ten years at a nominal rent. There is plenty of vacant land and a world of idle money. The town should be supplied with more houses in some way, to meet the demand.

The action of the assembly committee on the osteopathic bill, is another case of minority rule in the interests of class legislation. The only opposition to the bill is on the part of physicians, and their opposition is actuated entirely by self interest. The people who believe in the science are just as intelligent as the wise doctors. The practitioners of the science are just as well educated but that counts for nothing. Under the plea of public welfare, they seek to fence out competition, and say to the people, "Patronize me, or suffer the consequences." The argument is too gauzy, "and won't wash."

An Illinois senator has introduced a primary election law "designed to prevent the abuse of party machines." This is certainly a good idea—the tenderly nurtured party machines should not be abused.

The Hon. Hinkey Dink of Chicago has been arrested on the charge of having kept his saloon open after the legal closing hour. This prosecution

as Ople Reid might say, "pears to be a most bedatiously chawed up outrage." The idea that the Hon. Hinkey Dink would violate the saloon law is most absurd.

The Hudson Star-Times suggests that under a primary election law, contests might be decided by snapping a wish bone. We trust, therefore, that no such fowl law will be enacted as we are against any political snaps.

"Follow me," says the Chicago Tribune, speaking for Citizen Aguinaldo, "and you will wear diamonds." And we might add, speaking for both Ag and the esteemed Tribune, also about twenty-one squares per week, with clubs and spades barred.

"Milwaukee is after the bridge tenders and says, 'the open draw must be guarded against.'" Milwaukee is right. The draw, to quote an Oshkoshism, should never take place until after the opening.

If the citizens of Beloit want to see a real live city in which electric line power houses are appreciated, they should come up to the county seat. Janesville knows a good thing when she sees it.

A man who builds blast furnaces has sued Andrew Carnegie to recover \$40,000,000 for the infringement of a patent. Evidently this gentleman prefers to furnish his own library building.

The people who at first feared that Aguinaldo would be abused are now afraid that his Uncle Sam will be too good to him. "Twas ever thus."

The odor of the spring bonfire is in the air and they say several other things are in the wind.

The bicycle rider, so to speak, is again "getting a hump on himself."

And now the ice man watcheth the thermometer and exalteth much.

Circuses are ripe.

WORRY CAUSES SUICIDE.

Wife of Monmouth College President Takes Her Life.

Monmouth, Ill., April 11.—Althea Cooper Lyons, wife of Dr. S. R. Lyons, president of Monmouth college, committed suicide by hanging herself in the attic of her home. Her friends declare she had been on the verge of nervous prostration for several days on account of worrying about her husband's position at the college. There has been a contest in the board of trustees for some time over President Lyons, a faction declaring he is not the man for the head of the college. They have attempted to secure his removal, but so far the friends of the president have forestalled all such attempts.

School Boys to Mew.

Chicago, April 11.—Printed language lessons today superseded the oral and written methods in many of the first grades in the Chicago public schools. The idea is that of W. W. Spear, superintendent of the third division, on the theory that "all arts are learned by imitation, and that if things are put in their proper environments they will be learned unconsciously." In addition to the intellectual exercises the children are taught to mew like a cat, bark like a dog, and to imitate other sounds, which include crying and laughing. They are also taught to associate the words "shake hands," "bow," "jump," "hop," "skip," "dance," and "run" with the acts by actual performance.

CHORUS OF FIFTY STUDENT VOICES

High School Class Will Make Its First Appearance at the Annual Medal Contest.

The high school chorus of fifty voices will make its first public appearance tomorrow evening at the annual medal contest to be held in the school auditorium. The chorus is composed of both young ladies and young gentlemen and has been conducted during the past winter by Prof. W. F. Gaskins. Two meetings of the chorus have been held each week after school and excellent work has been done. Much interest will be taken in the appearance of the chorus in public and Prof. Gaskins' vocalists will give the entire musical program for the evening.

The judges who have been chosen to award the medals are Principal Hagemann of Port Atkinson, Principal H. L. Terry of Waukesha and Supt. H. A. Whipple of Baraboo. As is well known, the medals to be awarded are the Lovejoy medal for orations, the Loomis medal for declamations, the Mahoney medal for poetry and the Recorder medal for extemporaneous speaking.

In the poetry contest there are about six contestants. The poems will be submitted to the judges before the contest and the decision made on the manuscripts. The prize poem will be read by its author. In extemporaneous speaking a number of subjects will be chosen by the judges and placed on slips of paper, one of which will be chosen by each contestant a few minutes before he is to speak.

In declamations the judges will not only select the medal winner but will also choose three contestants to represent the Janesville school in the league contest which is to be held in this city next Friday evening between the high schools of Beloit, Evansville, Whitewater and this city.

The high school annual medal contest really includes four contests and the following will be tomorrow evening's program:

MR. MAYNE LIKELY TO ACCEPT OFFER

**BELIEVED THAT HE WANTS TO
GO TO ISHPERING, MICH.**

He Believes That His Mission in Janesville Has Been Accomplished and He Feels That It Is His Duty to Labor in a New Field—May Be His Last Term.

In all probability Supt. D. D. Mayne has entered upon his closing term of service in the Janesville schools.

There seems to be no reasonable doubt of his intention to accept the offer made him by the board of education of Ishpeming, Mich.

While, for personal reasons, Supt. Mayne still refuses to make any statement regarding his intentions for publication, but those close to him openly make the statement that Mr. Mayne expects to be superintendent of the Ishpeming schools next year.

One who has been closely identified with Mr. Mayne in educational work during the past few years says that the Ishpeming movement to secure Mr. Mayne has been on foot for several months; that the residents of Ishpeming include many miners who take the greatest possible pride in their public schools, who are willing to spend any amount for the betterment of the schools and who desire a progressive educational leader. Such a leader they have found in Mr. Mayne and they are very anxious to secure him. This person is absolutely certain that he will accept.

To a friend Mr. Mayne has intimated his belief that his mission in Janesville has been accomplished that his best work in the local schools has been done. This would seem to indicate that he feels it to be his duty to labor in a new field.

The announcement that Mr. Mayne had been offered the Ishpeming position has caused no great stir from the fact that people had come to believe that Janesville owned him in a way. He has refused so many offers with higher salaries attached that many people thought he would not even consider seriously this proposition.

Underneath, however, there is a strong sentiment which will be aroused when people understand that there is a great chance of losing the man who is doing such excellent work, not only in the schools but in nearly all of the educational activities of the city.

He is the organizer and backbone of the Twilight Club, a valued member of the library board, the promoter of the organization of the School Art auxiliary, the friend of the Woman's clubs, and, above all, a progressive educator whose work for the moral as well as for the mental and physical development of the students has been a revelation to the people of Janesville.

The city cannot spare such a valuable citizen. It needs him and pressure should be brought to bear upon him to induce him that his duty is here where his labor is just beginning to bear fruit and where he has so established his reputation for good judgment that his influence is powerful and is not exerted in vain.

Those who know Mr. Mayne know that the salary question will have but little weight with him. Still it is but just that every possible inducement should be offered him. Every man must decide for himself where duty calls him but the citizens of Janesville owe it to themselves to make every possible effort to retain Supt. Mayne.

His methods have been such as to invite investigation and those who have kept touch with the schools are his most ardent admirers. Prominent business men have expressed themselves strongly on their desire to have Mr. Mayne retained and it is certain that his resignation would be accepted against the wishes of the people.

WHAT PADEREWSKI SAYS.

"I verily believe the angels in heaven listen when Seekoock plays the piano. The playing of the rest of us artists cannot be compared to the beautiful and delicate effects which he draws from the instrument. Truly he has inherited the genius of the great Rubenstein."

A young man coming down the river in a row boat about three o'clock this afternoon had his boat drawn up against one of the piles of Milwaukee street bridge and capsize. The young man managed to get hold of the pile and hold on until a rope was lowered to him from the bridge and he was hauled up onto the side walk. He received a thorough soaking before he was rescued from his dangerous position.

CLOUGH IS PLEASED WITH JANESVILLE

**He is Considering the Power House
and Other Propositions and May
Possibly Accept Them.**

H. H. Clough has returned to his home in Ohio to talk over the electric road situation at Beloit, with the people interested in the enterprise. A gentleman from this city met Mr. Clough in Chicago yesterday and he had a long talk with him regarding the situation. He was much pleased with the way the Janesville people took hold of the enterprise and was inclined to think that the road would be built regardless of Beloit, unless they were willing to meet him half way on the franchise question.

It is not hte people-at-large in Beloit who are fighting the franchise but a few business men that have no interest in any one but themselves. As soon as the east and west side of the river question is settled there will be no trouble getting a franchise.

The Beloit Daily News of Wednesday in speaking of the offer made Mr. Clough by Janesville citizens if he would make this place his headquarters, says:

"Just how seriously Mr. Clough will consider this offer we cannot say, but certain it is that many a town in the country has been ruined by placing too high a value upon a strategic position. Beloit would feel cheap and would be cheap if the interurban builders would give Janesville the advantages within our own grasp."

"The new judiciary committee of the council and Mr. Clough can come to terms satisfactory to him and the city in a half day's conference if the question of route could be agreed upon. Business men, citizens and council members should waste no time in getting down to business for it cannot be disputed that ninety-nine per cent. of the people want a road and want it this year. We also want that power house. The council will not do its duty unless it strives to secure these benefits without delay."

The building of the power house here would mean much to Janesville. It would give this city also the main car barns. Besides it would bring employment to 75 men, most of whom would be skilled mechanics. The firemen and engineers at the station, also the electricians would have to reside here, then there would also be a goodly number of mechanics necessary to looking after the machinery and cars. The men who operate the cars would also live here.

The funeral of the late Eugene Badger, who met his death by drowning in the head race near the woolen mills on Sunday night, was held from the home of Eugene Delise this afternoon at 4 o'clock. The Rev. W. W. Woodside presided, and the services were largely attended by his fellow workmen, among whom he had many friends. The interment was at Oak Hill cemetery.

BRADLEY ACCUSED TAYLOR. Former Governor Gives Important Testimony in Goebel Case.

Frankfort, Ky., April 11.—Former Governor William O. Bradley gave startling testimony today in the trial of Captain Garnett D. Ripley, who is accused of conspiring with others to bring about the death of William Goebel. Mr. Bradley was chief counsel for the former Governor W. S. Taylor in the gubernatorial contest case before the legislature. The witness said that Ripley told him he was in the executive office the day before the Goebel assassination and complained to Taylor because he had not called on his (Ripley's) company. Taylor replied: "My God, haven't you brought them yet? Goebel will not live twenty-four hours," or "Cannot live twenty-four hours," the witness declared he had forgotten which Judge W. H. Yost, associate counsel with Bradley in the contest case, according to the witness, was present and heard the conversation.

Saved by Heroism of Nurses.

Indianapolis, Ind., April 11.—Fire which broke out in the women's building of the insane hospital at Mount Jackson, just west of the city limits, at 3 a. m., was got under control before serious property damage was done. Great difficulty was experienced in controlling the patients of the two wards and getting them to a place of safety. This was accomplished by the female nurses—Margaret Wiltman and Kate Nolan—being severely scorched while engaged in the work of rescue. None of the patients was injured. The asylum department kept the fire in check until the department arrived from this city. The property loss will not exceed \$1,500. The cause of the fire is not known.

JUDGMENT FILED IN FAVOR OF TAYLOR

The judgement in the case of William Taylor, plaintiff vs The Indian Ford Water Power company, defendant, was filed with the clerk of the circuit court yesterday afternoon. This case was tried by Judge Dick of Beaver Dam, April 9, 1900 and has been before the public since that time. The action was brought by Mr. Taylor to restrain the Water Power company from drawing down the surface of Lake Koshkonong and thus injure his property by exposing the muddy shores, and in times of high water backing it up so that all of the low land was flooded.

The judgment filed yesterday grants the plaintiff a perpetual injunction against the defendant and stops them from drawing down the surface of the lake so as to injure his property. He claimed damages to the amount of \$5,700 for injuries already sustained and was awarded a judgment of \$1 and costs.

Will Not Permit Gambling.

Indianapolis, Ind., April 11.—Information came today that Hammond and Roby are to be invaded by gamblers. A gambling house is being erected near the Roby race track. The track will begin operations next Monday. The governor is considering the appointment of a metropolitan police board for Hammond, and in this may be a solution of the whole gambling trouble. Thus far it is said that he has rejected every name subjected for commissioner. The attorney-general said today: "Roby is not going to run while I hold this office. If there is no law to close it up we will make one. The recent decision of the Supreme court in the Roby case is very discouraging, yet Roby shall not be permitted to continue."

Falls and His Himself.

New York, April 11.—Bernard Frost, for a number of years a member of the Consolidated Stock Exchange, once worth \$500,000, committed suicide by drinking carbolic acid at the Hoffman house. Soon after taking the acid an announcement was made on the floor of the exchange that Frost had failed. The failure was a small one, as Frost had recently been unfortunate in speculation and all his wealth of a few years ago had flown. The broker died just after a physician arrived. The news of the suicide caused a profound sensation in Wall street, where Frost was popular.

Weds Son of Son-in-Law.

Prescott, Mich., April 11.—Mrs. Geo. P. Bowen of Reno, aged 69 years, after having been married three times and borne fourteen children, has tried matrimony again. Her fourth husband is James C. Smith of Churchill, 22 years old, a son of one of her sons-in-law, William H. Smith, who six years ago, then a widower of 65 and a father of ten children, wedded Miss Maggie Emma Gunn, aged 20, her daughter by her second marriage. The result of the union was three daughters.

Convicted of Asking a Bribe.

Lansing, Mich., April 11.—D. Judson Hammond, former representative in the state legislature from Oakland county, was convicted in the Circuit court here of soliciting a bribe of \$500. He will appeal to the Supreme court, and his attorneys hope to secure a reversal. An attempt was made by his counsel to prove a conspiracy on the part of the principal witnesses against him to destroy his political future.

Youth Arrests Mail Thief.

Peru, Ill., April 11.—Joseph Mazur, 18 years old, employed as night agent at the Rock Island depot, Spring Valley, Ill., accomplished the capture of Joseph Baladzinski, who had stolen the contents of a mail pouch thrown on the depot platform from the mail car of train No. 21 when it passed through Spring Valley at 5 o'clock in the morning.

HONOR SHOWN TO RUSSIA

Loubet Emphasizes Friendship of France for Czar.

DECORATION IS GIVEN.

Cross of the Legion of Honor Bestowed on Admiral—Crowds at Toulon Witness the Arrival of the French President—Brilliant Naval Display.

Paris, April 11.—The important festivities attending President Loubet's visit to the Riviera were brought to a climax today in the double naval demonstration at Villefranche and Toulon. Both proved splendid spectacles. The profuse decoration at Toulon, the flotillas of pleasure boats flitting about the harbor, the gayly dressed warships lying in the roadstead and the animation of the immense crowds of strangers jostling one another in the streets and along the wharves imparted a color and picturesque quality to the scene which outdid the situation at Villefranche. The French people, however, derived as much pleasure from the incidents at Villefranche as from the meeting of Loubet and the duke of Genoa at Toulon. "The Russian squadron," says Le Journal Debats, "saluted the president on his departure for Toulon, so that Russia will be associated as completely as could be desired with the fetes on the Riviera. Those who have spoken about the coolness of two friendly and allied countries are now compelled to admit that they took the desire for the reality. Those who contended that Russia wished to manifest hostility toward the Franco-Italian rapprochement now have proof to the contrary in the fact that the Russians came to salute the president at the very moment when the fetes at Toulon, sealing this rapprochement, were about to take place."

Embrace for Russia.
Loubet fully appreciates the value of the French set word "ally," in connection with the relations of France to Russia, and he again took an opportunity to pronounce it on board the Alexander II. this morning. When accepting tea from Admiral Birleff, he said: "I am very much pleased that his majesty, the emperor, has sent a squadron to salute the president of the French republic. I am very grateful for this mark of sympathy, and I raise my glass to the health of their majesties, the emperor and empress, and to the friendly and allied Russian nation, and to the prosperity of the Russian army." Admiral Birleff suitably responded, toasting "the president of the French republic, the prosperity of la belle France, my second fatherland, and the glory of the French navy and army." The ceremony of decorating Admiral Birleff with the cross of the Legion of Honor was performed in the presence of the whole crew. Loubet then embraced the admiral and expressed regret that the previously fixed hour for his arrival at Toulon prevented his making a detailed inspection of the Russian flagship. All the officers of the flagship were presented to Loubet, who shook hands with each one.

Parting Salute Fired.
The Alexander II was the first to fire a parting salute as the St. Louis steamed out of the bay, and the crews manned the Russian warships when the St. Louis passed, shouting seven times, "Vive la Republique," or raising seven hurrahs. Simultaneously the trumpets blared, and there was a great beating of drums. After Loubet's departure Admiral Birleff entertained the local officials on board the Alexander II. The general program at Toulon was carried out without a hitch. The duke of Genoa and the Italian officers and sailors met with a flattering welcome, the French seamen fraternizing with the Italians on shore. Every desire was shown on both sides to cultivate a mutual good feeling. Extracts from the Italian press evincing satisfaction over the events at Toulon and expressing a hope that these will result in drawing the two countries closer together are extensively reproduced in and indorsed by the French press today.

CHINA BACKED BOXERS.
American Bible Society Agent Says Massacres Had Imperial Sanction.

New York, April 11.—The annual report of the American Bible society relative to the situation in China will contain the following interesting statements from its agent in China, the Rev. John R. Hykes, D. D.: "There was a deep and cunningly laid plot, under imperial sanction, to extirpate Christianity, expel all foreigners and destroy all foreign interests. No one divided the full extent of the iniquity which was deliberately contemplated. In all, 183 protestant missionaries, including sixty men, seventy-five women and forty-eight children, have been massacred."

"With the exception of the massacres at Kuchoo, in Chekiang, in which eleven persons were killed, and at Hengchoo, in Hunan, all of the deaths occurred in the northern provinces."

Movement Against Foreigners.
"The question has been raised at home as to whether the Boxer uprising was antiforeign or antimissionary in its character. No doubt exists in the mind of any well-informed person in China. The movement was undoubtedly against foreigners as such, and the crusade was directed against everything foreign—Christianity, of course, included. Hsu Ching Cheng and Yuen Chang, two ministers of the foreign office, would not transmit the awful edict, which reiterated the order

to 'painfully extirpate all foreigners,' but changed it so as to read 'protect all foreigners,' and then sent it flying over the wires to the remotest provinces. They were sentenced to be cut in two. Missionaries were the class that benefited by this act of heroism. The fact that every missionary escaped from fourteen out of the eighteen provinces would indicate that the crusade was not specially antimissionary."

Property Looted and Burned.

"In the provinces of Chili and Shansi every school, hospital, chapel and dwelling was looted and burned by the Boxers or Imperial troops, the only exception being the property in the foreign settlement of Tientsin. So complete was the demolition of property by these mad fanatics that not a vestige was left to mark the site; even the foundations were dug up and carried away. There was also destruction of mission property in the provinces of Shensi, Hotan, Huan, Hupeh, Kiangsi, Chekiang and Kwantung. The native Christians have been the worst sufferers. Those who escaped the general slaughter in the northern provinces lost absolutely everything and many of them are perishing from cold and starvation."

"The scriptures destroyed will aggregate not less than 100,000 volumes and the actual loss to the society will not be less than \$3,000 or \$10,000 gold, including the necessary expense of getting workers to places of safety and back again to their stations."

"All of our foreign superintendents were saved. We have to mourn the loss of many noble and devoted native workers. They were warned of the risk they were running, but not a man of the noble band of eighteen flinched. Their reply was, 'We go on a colportage tour. God's will be done.' Only four of the eighteen returned from journey. The homes of these martyrs were looted and burned and their families exterminated."

SIGNING OF TREATY POSTPONED.

Russian Newspaper Makes Frank Statement on Question.

St. Petersburg, April 11, 3 p. m.—The Russian press is abandoning that reserve with which it first discussed the government's declaration on the subject of Manchuria. It now declares that the joy with which the British press greeted China's refusal to sign the Manchurian agreement has merely postponed the signing of a new understanding with China, since the convention would be advantageous to China.

One paper says: "Our London friends overlooked the fact that in dissuading the signing of the agreement they did not hasten the evacuation of Manchuria, but strengthened Russia's position."

New York, April 10.—A dispatch to the Tribune from London says: Reports of an outbreak of fresh rebellion in China are not confirmed, and are attributed to Earl Li's disconsolate reflection that everything will go wrong since his advice has not been heeded. The more trustworthy dispatches indicate a steady progress at Peking in the direction of a settlement by which the court can speedily return to the capital. Count von Waldersee is keeping the commanders of the allied forces together, and an agreement on all essential points is already assured.

There seems to be some hope that the Chinese empire is taking to heart the lesson it has been so roughly taught, if one may judge from the list of reforms proposed by provincial viceroys and governors. The scheme includes the education abroad of princes and future high officials, as well as the organization of the army on western models, and other innovations tending in the direction of greater security and administrative efficiency. The indemnity negotiations are proceeding satisfactorily, and a clear understanding is reported to have been arrived at between England and Germany.

Stopped by the Police.

Philadelphia, Pa., April 11.—Emma Goldman, the anarchist, was to have made a speech on "Trade Unionism" at Standard Hall last night, but the police used force in preventing her from entering the hall. Miss Goldman is indignant today and announces that she will yet speak in this city despite the police.

Mitchell Not to Resign.

Indianapolis, Ind., April 11.—The report from Hazleton, Pa., that John Mitchell, president of the United Mine Workers of America is about to resign to accept a position with a Pennsylvania life-insurance company, with headquarters at Philadelphia, is denied at the miners' national headquarters here.

Fatally Shot in Burglar Hunt.

St. Joseph, Mo., April 11.—Conrad Krug, salesman for the Huttig-Moss Manufacturing company, accidentally shot himself at an early hour this morning while chasing a burglar, and died three hours later.

Attacked by Fierce Mastiff.

Kewanee, Ill., April 11.—H. G. Lee of Quincy, an Adams Express messenger on train No. 14 of the Burlington road, was attacked in his car by a fierce mastiff dog and terribly bitten about the face yesterday.

Sugar Up 10 Per Cent.

New York, April 11.—Sugar men in lower Wall street declare there is no significance in the 10 per cent rise in refined sugars today, made by all refineries. The rise is justified, it was said, by a big demand.

Stay Hanging of Durden.

Carbondale, Ill., April 11.—The supreme court has just granted a writ of supersedeas in the case of George Durden, who was to have been hanged.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend to my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by People's Drug Co., and King's pharmacy.

Northern Wisconsin Railway Farm Lands for Sale.

The Northwestern line has for sale in northern Wisconsin, at low prices, and easy terms of payment, about 350,000 acres of choice farm lands.

Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply, both for family use and for stock.

Land is generally well timbered, soil fertile and easy of cultivation, and this is rapidly developing into one of the greatest sheep and cattle raising regions in the northwest.

Chicago, Milwaukee, St. Paul, Minneapolis, Duluth, Superior, Ashland and other towns on "The Northwestern line" furnish good markets for stock and farm produce. For further particulars address Geo. W. Bell, Land Commissioner, Hudson, Wis., or G. H. MacRae, Assistant General Passenger Agent, St. Paul, Minn.

NEW PROOFS OF THE LIVING TRUTH!

R. J. Sarasy, Janesville, Wis.—Dear Sir: For the benefit of suffering humanity, I feel justified in sending to your address this unsolicited testimony in favor of your wonderful remedy Trymi. For nearly a year I have been a sufferer from torpid liver and have consulted some of the best physicians in our city. They all made an accurate diagnosis of my case but whether from want of interest or inability to cope with my malady, the fact remains they met with no results. It remains for me to say therefore that after having taken only two bottles of Trymi I have gained 15 lbs. and am enjoying health and vigor. Respectfully,
MRS. A. J. REUBOTTOM.
94 Ralph Ave., Brooklyn, N. Y.

R. J. Sarasy, Janesville, Wis.—Dear Sir: After taking only one bottle of your wonderful medicine Trymi, I am cured of stomach and liver trouble of 15 years standing—have gained 8 or 10 lbs. and feel it is impossible to praise Trymi too much. It has benefited me wonderfully. Respectfully,
H. H. HODGDON
St. Louis, Mo., Care of F. A. Steer
Furnishing Goods Co.

R. J. Sarasy—Dear Sir: For twelve years I have fought the condition of my stomach. Every morning, almost without exception, while harnessing my horse, I would have to stop and vomit my breakfast. My distress was great and continual. After taking two bottles of Trymi I find all my symptoms of Dyspepsia and Bowel Trouble have left me and I cannot find words strong enough to praise Trymi. I am sure Trymi will do all that is claimed for it. Respectfully,
WM. J. GRANT.
Janesville, Wis.

R. J. Sarasy—Dear Sir: During the past ten years I have taken drugs and remedies enough to start a wholesale drug store, in a vain attempt to find relief from chronic constipation. Your Trymi fitted my case exactly and on an outlay of \$1.00 I have secured more benefit in one month by using Trymi than in all the years previous. GEO. H. CRANE.
